NATURAL BEAUTY OF THE ISLAND
OF IBIZA AND LOCATED AT THE
HEART OF IT SITS CAN SKYE

Can Skye, an old ibizencan finca (traditional farmhouse) was restored with love and care over the last few years, incorporating the latest technologies and infrastructure without sacrificing any of its traditional and rural magic. Sitting in the midst of aromatic herb gardens and fruit trees and overlooking the spectacular Ibizan coast, Can Skye offers guests a unique countryside vista and direct access to the gentle rural ambience of the north coast of Ibiza.

All the facilities in the house are of top quality and include air conditioning and a well equipped and modern kitchen. The villa was fully refurbished in 2021.

There is a large living room area complete with a fireplace with ample space for reading, playing games, watching TV or just laying back and listening to music. Next to the large modern kitchen is a beautiful dining area opening up to the exterior terrace with sea view.

The grounds include a lovely lawn with spectacular sea views, the signature infinity pool, the herb gardens full of aromatic plants and bushes, an outdoor dining area and lots of small shaded relaxation spots with armchairs and hammocks.

For the children there is a treehouse to play in, and plenty of safe ground to roam around on. The big green lawn easily transformed into a football field for both the small and big ones.

The 70 m² yoga space and gym with sunset views, will keep you energized during your stay.
